January Meeting 6 Jan
11 AM

Presidents Report: The next meeting will be June 2nd, 2019 at 11:00 in the Cub Run Field-house. President Walla stated that a white board had been placed on the red shed to inform people of items that are contained in the lost and found. On April 28th an archery101 class was held with 10 people in attendance. On May 15th we picked up a new set of ASA 3-D targets.

Two changes to the bylaws have been posted: they have been posted and marinated for the allotted time. First proposed passed.
Second proposed: discussed at length passed

Money shoot Mike Cinnamon donated \$750 to be matched by the club

Matching \$ to be matched by cra approved

Membership Concerns: Marvin Hicks suggested that we replace the round table with a table and chairs. Marvin made a motion to do so and it was seconded and passed. The decision of the choice of furniture will be left up to the CRA board.

Vice President's Report: Dave Burke reported that NORVA wants to divide our region as they believe that five clubs is too many and it complicates getting appropriate shoot dates. It was suggested that Manahoac will probably object to that move.

The money shoot will be on June 8th and there will be a big raffle. Tickets will be sold for the raffle at the next meeting. Parking will be an issue as the Crushing Clays event will be held the same day. It is strongly suggested that people carpool to the shoot because of the limited parking availability.

Fred Ansick, the range captain, will have some work parties upcoming to address range matters. Please volunteer to help.

2019 VBA 3-D Spring Championship.

It is with great pleasure that the VBA submits the [final results](#) for the 2019 VBA 3-D Spring Championship.

Albeit we did "not" break the record for turnout, we had a high number of shooters registered. We had 77 archers participate in the Spring 3D Classic; of those 77 archers 10 of them were Guest. The team from NORVA, Robin Vogel, Jenifer Stoner, and Irene Stocksdale did a super job. With that being said, I must point out the selfless service by Rodney Roberts, the Tournament Chairman for NORVA. He was the driving force behind the success of the tournament. Rodney engaged with me early and often to ensure his club was successful. Also, Rodney was instrumental in conducting quality checks on the Scoring Template and the contract. Keep up the great work Rodney and NORVA. EXCELLENT SHOOT!!

Next, I was very happy with the support of the clubs from across our Great State coming up to shoot in the tournament. Fun, Friends, and Family is what archery is all about. Thank you for supporting the VBA and NORVA. Remember to send your photos to Terry, Irene, Chris and myself. I have some beautiful pictures from NORVA's professional photographer that will blow your mind, they will be posted soon. OUTSTANDING JOB!!

Sportsmen's Alliance Foundation has been asked to help the American Heritage Girls with their Fall Camporee

Dear Marie and the VA Bowhunters Association,

The Sportsmen's Alliance Foundation has been asked to help the American Heritage Girls with their Fall Camporee at the Fredericksburg Agriculture Fairgrounds (2400 Airport Ave, Fredericksburg, VA 22401) on October 19, 2019. AHG are looking for SAF to run the archery range for them. We will be using Genesis compound bows and shooting at foam archery targets at about 10 yards. Ages will range from 9 to 17 years old. Girls will rotate in groups of about 40 every hour.

We are looking for volunteers from the local archery community to provide instruction on safety and skill for the day. Day will run from 8 AM to 5PM with a break for lunch. AHG will be providing food and drink for all those helping for the day. It won't be Alaska King Crab or Kansas City Prime Rib but you will be fed.

If you are willing to help please contact Frank at fprice@sportsmensalliance.org or call/text 614-266-7305. I hope you and your club members will take on this for the girls. Thank you for your consideration.

Regards,

Frank Price

The Back Porch

England was once saved during the Battle of Crecy in 1346, thanks largely to long-bowman, defending the country and themselves by killing as many as 2000 French knights and soldiers.

Back in the Middle Ages, a skilled long-bowman would be able to release up to 12 arrows in just 60 seconds, meaning they were able to fire an arrow at their target every five to six seconds!

In the Olympics, archery competitors are aiming to hit the 'gold ring'. To do that they need to have the ability to hit a target that's about the size of a beer mat from nearly 230ft, which is the length of a Boeing 747 jet!

Five-time US Olympic archery champion Khatuna Lorig trained Jennifer Lawrence for The Hunger Games films. She's not the only Hollywood star to be adept with a bow. Thelma & Louise star Geena Davis just missed out on making the US Olympic archery team in 2000, placing 24th out of 300!

Originally, when women were initially allowed to participate in the Olympic Games, which was at the 1904 St. Louis Games, Archery was the only sport that women could take part in.

At present, the biggest gold medal haul for Olympic gold medals in Archery, with a grand total of 19, is South Korea.

In the olden days in Britain, a variety of sports have been banned by monarchs because the sports were said to be a 'distraction' from archery practice. These sports included football, bowls and, golf
