General Interest

Pr. William Archers is holding Indoor Shoots on Thursday & Saturday nights starting at 7:30 p.m. Thursday nights are FITA/Lancaster multi-color target faces and Saturday nights are NFAA Blue faces. For those hungry folks, they will also be serving delicious food.

There is considerable interest in pending Virginia firearm legislation which is in process at this time. Here is a link to a list of bills in both the Virginia house and senate:

<https://www.myvssa.org/legislation>

If you have strong opinions related to any of the listed bills, you might want to contact your senator and your representative and share your opinions.

Spring Clean-up on the Archery Ranges (8 am to 2 pm)

The outdoor archery ranges will be closed on Saturday 21 March.

We have a number of projects we have planned for both the outdoor range and 3-D course. Anyone that wishes to volunteer go to the Sign Up Genius to volunteer.

CRA Swap Meet

Arlington-Fairfax IWLA's Cub Run Archers (CRA) will host our second annual outdoor equipment Swap Meet and Sale for IWLA members and the general public on Saturday, March 7, 2020 at the Field Archery Indoor Range.

The event benefits Cub Run Archers to raise needed funds, allow sellers to rent tables to dispose of unwanted equipment, and provide buyers with an opportunity to uncover hard-to-find items and discover some incredible bargains.

(Photo by Yvonne Johnson)

Last year we rented 19 of 28 available sales tables in spite of a late start and had a steady stream of buyers.

CRA is requesting voluntary donations in lieu of an admission fee. The club is also soliciting equipment donations for sale at the club table.

Only table buyers will be allowed to sell at the swap meet. All private firearm and ammunition sales will be in strict accordance with Federal and Virginia law.

Prospective sellers should contact Steve Johnson at stephenjohnsonsr@gmail.com (preferred method) or (703) 887-3145 for a table sales package. Information will also be available on-line at www.cubrunarchers.org.

Doors will open to the public at 0900.

Barebow Group

"Ryan Johnson and Susan Snider have started a Barebow group that meets Tuesday nights at 7pm at Cub Run. Attendance has been strong, with past world champions, current national record holders, club members, local and international guests, and new barebow archers all coming out. All skill levels are welcome; the intent of the group is to grow barebow archery with a supportive and collaborative atmosphere. People often bring extra equipment for others to try and advice is always offered to those who seek it. In the lead-up to the Lancaster Classic the group held "shoot-downs" to practice the intensity of tournament conditions, which everyone agreed helped prepare them for the competition.

If you are interested in participating, or know of someone who would like to participate, please email Susan at susan@snider.com.

Pictured left to right are CRA member Dave Wright, past World Champion Paul Vogel, CRA member Susan Snider, CRA member Ryan Johnson, CRA member Pete Darby, past CRA President Bob Walla, current National Record Holder Grayson Partlow, and CRA club member Dave Berger."

Brady Ellison Vegas 900

BRADY ELLISON BECOMES FIRST RECURVE ARCHER IN HISTORY TO SCORE A VEGAS 900

LAS VEGAS, Nevada –Three-time Olympic medalist and World Champion Brady Ellison just made history as the first recurve archer to score a perfect 900 at the world-famous Vegas Shoot.

The 54th annual NFAA archery event welcomes thousands of archers to the largest archery festival in the world with tens of thousands of dollars of prize money on the line. A 900 score requires three days of absolute perfect shooting. For 30 arrows each day, an archer can't miss the 10-ring even once.

It's never been done in recurve history. Ever. Until today.

"This is my biggest accomplishment in archery," shared Ellison. "This is three days of perfection. I had to shoot perfect three days in a row. There's a ton of money on this. What I did here – you couldn't make a single mistake and this is the first time in my career that I was 100%." For Ellison, who holds the indoor and outdoor world records, more World Cup Final Champion titles than anyone else in history, the World No. 1 ranking and the World Champion title, that's saying something huge.

On what it took: "I just did it. I was shooting good enough and I knew my bow was shooting good enough and I just had to be disciplined and not be lazy. I couldn't run 90 or 95%, and there were a lot of shots that were tough and I was just like 'trust it and know it's going to catch.' I had a lot of faith and thank God that he helped me out on some of those."

Looking toward the Olympic season, Ellison added: "Capping off the international indoor season with a perfect 900, it's pretty cool."

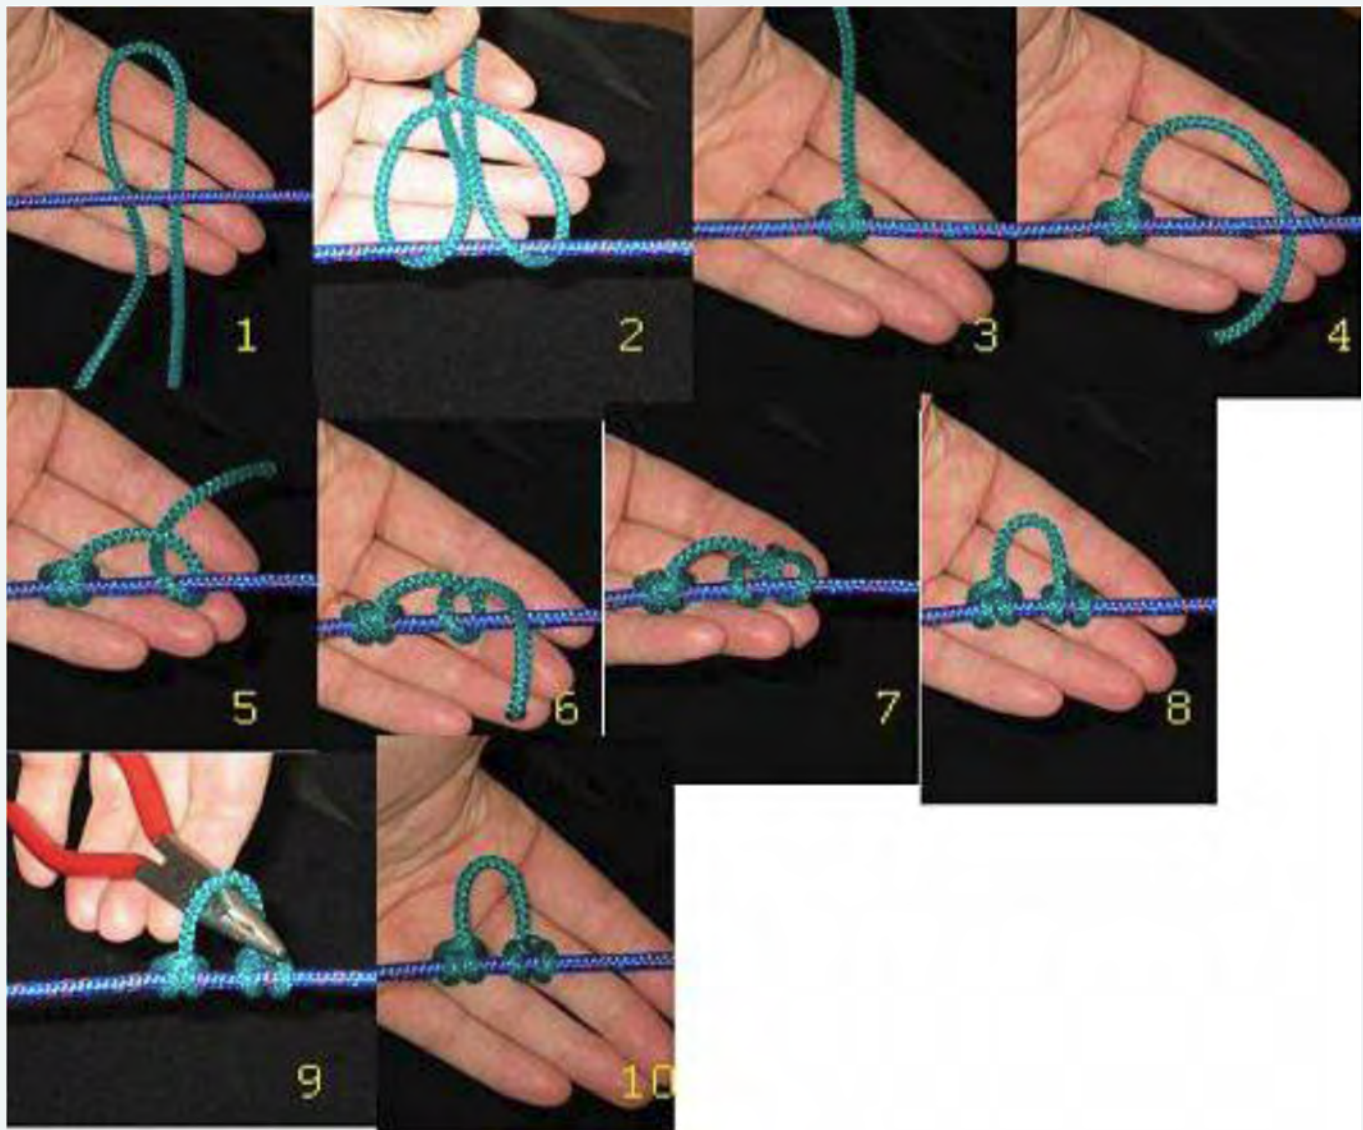

The perfect 900, achieved only by several dozen Hoyt compound archers throughout history, comes with the extremely coveted and highly prestigious 900 club belt buckle. Ellison became the first recurve archer today to earn the honor. Since before his first Olympic Games, Ellison has worn his Remembering Lane Frost belt buckle in honor of the bull riding champion, but he says he will be making a change to his quiver with the shiny new 900-club honor.

"I've had the Lane Frost buckle forever but it's getting pretty beat up. I'm definitely rocking this one."

Tying a D-loop

Tying a D-Loop

First, a few pictures showing you how to tie a D-Loop:

I have completed tying in my D-loop. I melt the first ball on the rope and then wax the rope before beginning. I am left handed and if the loop looks backwards too you, it probably is. I do not hold my release tilted too much and I can see little importance as to which is tied which way. But, it is important to tie the knots opposite of each other.

Short season

On the first day of the deer hunting season, a hunter fell out of a deer stand and broke both his legs. "Why couldn't this happen on my last day of hunting?!" the hunter cried to the doctor. "It did," the doctor replied.
